REMARKS.-The market for wheat opens fairly active; prime and choice samples would bring fair prices, but the bulk of the offerings on Change to-day was of medium quality; offerings of 1226 bushels red with sales at 150, 155, 156, 160, and 165, latter very good sample; a small lot inferior sold for 125. Corn is active at the closing prices of last week; offerings of 926 bushels mixed and yellow with sales of the former at 75, 77, and 78; no sales of the latter reported. Small sales of Rye at 80, 90 and 95. Oats are unchanged; offerings of 553 bushels with sales at 60.

LOCAL NEWS.

HEAVY RAINS AND RAILROAD DAMAGES.-As stated in the Gazette on Saturday last by telegraph, the heavy rains of the preceeding night had undermined the track of the O., A. & M. R. R., one and a half miles south of Glasgow Station, but it being apparently all right a southern bound freight train that morning was running over it at the usual speed, when suddenly the embankment gave way, precipitating the engine and two cars down the bank, and damaging them very seriously, and also badly injuring Mr. C. Mayhugh, the engineer, and Mr. Paul A. Goolsby, the fireman. The injuries of these gentlemen, are not, however, of a dangerous character.

The accident so obstructed the track that it was not cleared until dark, Saturday night, and the South bound passenger train due at Lynchburg at 5 o'clock, did not arrive until 10 o'clock at night. The North bound train was unable to pass the obstruction, until 8 o'clock at night, about 8 hours behind time. The train due necessary repairs have been made and the usual. The bridge over the North branch of the Shenandoah was so damaged by the freshet on Saturday that the Harrisonburg trains will not be able to pass over it for a day or two. The trains will leave here as usual, however, but will not arrive until some hours behind time, in consequence of the transfer of passengers and baggage that has to be effected at the scene of the damage.

P. S.—A dispatch from Front Royal, to-day, says: "Trains are still west of North River bridge, the east span of which is four feet out of line. The trains will not be in until late. The telegraph line is all right.'

The running of the local trains on the Alexandria and Washington Railroad was suspended to-day in consequence, not of any actual injury that had been received by the bridge over the Potomae, but because it was considered unsafe to use that bridge during the continuance of the current now in the river. The cars of the through trains were pushed across the bridge, the locomotives remaining at either end.

RECEIPTS BY RAILROAD .-- Among the receipts of freight at this city by the O., A. & M. R. R. during the week ending on Saturday last, were: -- Corn 2,786 bushels, wheat 2,716, rye 154, oats 2,856, mill offal 650, potatoes 52, dried fruit 5, feathers 11 sacks, eggs 64 bbls. butter 23 bbls. and firkins, flour 725 bbls. leather 37 rolls, lard 4 bbls., vinegar 4 bbls. wool 29 sacks, hair 15 sacks, fowls 2 coops, lime 50 bbls., bacon 2,075 lbs., apple butter 1 firkin,bark 21 cords, broom corn 550 lbs., fur 3 packs, sheep skins 5 bales, sheep and calf skins 366, furniture 2 packages, tallow 300 lbs., sumae13sacks.tobacco4 boxes,rags 625,lbs.hides 42 bundles, cows and calves 96, lumber 12,000 feet, pig iron 39,760 lbs., iron and bones 2,143 lbs., cattle, sheep, hogs, horses, &c., 21 cars, cross ties 5 cars, sand 2 cars.

During the same period there were received by the W. & O. R. R.: - Wheat 2,062 bushels, cors 764, meal 92, oats 792, feed 64, rags 24 bales, flour 62 bbls., butter 39, eggs 65, fowls 7 coops, calves 77 head, stock 2 cars, hay 3, wood 4, chairs 36 bundles, milk 405 gallons.

ARREST OF A THIEF.-Capt. Jas. Webster, of the city police, while on his round of inspection last night, looked into the grocery of Mrs. Flood, on the northwest corner of St. Asaph and Gibbon streets, and among some fifteen or twenty white and colored there assembled, saw Thomas T. Javins, who had stolen a gold watch valued at \$50 last summer from an employer at the foundry, corner of Pitt and Wilkes streets, but who though several times since then almost in the hands of the police had managed successfully to elude them. The recognition was mutual, and Javins sprang into another room and ran through two others to a door leading into the yard, and finding that bolted, crawled under a safe, but his legs protruded, and over them the Captain, who was close upon him, stumbled and fell, but caught him as he fell, and did not release his grasp until he had lodged him in the station house. He was examined this morning before Justice Alexander and committed to jail for court.

YESTERDAY. - The weather yesterday, though cool and windy, was clear and bright, and the churches in consequence were all well attended. The streets, too, presented a more animated appearance than is usual on Sundays. In the afternoon many persons visited the grave yards and the wharves. From the unsteady condition of many seen walking about the city it could have readily been imagined that the Sunday law had not been strictly observed. There was some disorderly behavior near the Bridge Pump, and some at the wharf of the Potomac Ferry Company on the arrival of the Wawaset, but no arrests were made.

RIVER NEWS .- Affairs on the river and along the wharves this morning were quiet. Owing to the rains and easterly winds, during the latter part of last week, the tides for a day or two past have made unusually high, and since yesterday there has been a considerable current in the Potomae. The schooner Belle Crowell parted her moorings at the yard of the American Coal Company, yesterday evening, carrying away a derrick, that stood on the wharf, but dropped her anchor and was brought to before she received any damage. The river boats due yesterday evening all arrived up on time.

Dangerous.-Complaints are frequently made of the dangerous condition of the side walks at the intersection of King and Patrick streets. The cellars of the burnt houses there are filled with water, and as no fence surrounds them it is by no means improbable that some body will fall into them and be drowned or hurt during a dark night; or, if this danger is escaped, the approach of warm weather will render the locality unhealthy.

MASONIC FUNERAL.—The funeral services of the late Captain William Pauli, yesterday evening, were conducted by Washington Lodge of Free Masons, of which the deceased was a member, and were of a solemn and impressive character. The cortege was long, and included in addition to the members of Washbeen in this city from 30 cts to 125.

THE SUNKEN STEAMER .- The iron steamer Hercules, sunk just below Georget own, still remains in statu quo. Three steam pumps, with a capacity of 180,000 gallons an hour, are at work on her, but, owning to the high water, make no headway. Mr. Robert E. Duvall offered to place his steam pump of great power and capacity in the sunken steamer and place her in a position so she could be repaired, for the sum of \$10,000, but up to Saturday afternoon the offer had not been accepted by the Reading Railroad Company.

INDEPENDENT ORDER OF GOOD BROTHERS. -The annual meeting of the Grand Lodge of the Independent Order of Good Brothers of the United States, an offshoot of the Odd Fellows and a prosperous, increasing and flourishing brotherhood, is now in session in Baltimore. Among those who delivered addresses on Saturday was William Metzger, of Humboldt Lodge, No. 39, of this city, who at the election of officers for the ensuing year was chosen Inside Watchman.

REGISTRATION .- The registration books in this city will be reopened in all the Wards tomorrow and remain open until sunset the following day at the same places at which they were kept week before last, and it is earnestly hoped that all who will have a right to vote at the election to be held on the 25th inst., will avail themselves of this last opportunity to be enabled to exercise that right.

LADIES' FESTIVAL .- A Festival will be held Thursday evening next. The object is to raise funds in aid of the building of the Parsonage of the Church. It will be one of the most agreeable Festivals ever held in Alexandria, we have no doubt, and will be largely attended.

"CUT OUT."-In addition to the fishing shores already announced as having "cut out" or finished operations for the season, those at Budds' Ferry, Goose Bay, The Gums, Free Stone Point, Waller's and Brick House-indeed nearly all the shores below Chapman's, but above that point the seines continue to be hauled at all the shores.

CHESAPEAKE AND OHIO CANAL .-- A meeting of the president and directors of the Chesapeake and Ohio Canal Company will take place on Wednesday next, the 10th instant. at the office of Messrs. Alexander Brown & Sons.

WORK SUSPENDED .- Work at the Mount Vernon Cotton Factory was suspended this morning in consequence of a defect which was stay in the cabinet. discovered in the boiler. The required repairs will be completed and work resumed, it is thought. by to-morrow.

SHEEP STOLEN.-During the last week two sheep have been stolen from the pen of Wm. Gray, butcher, at West End, and though efforts have been made to discover the thief, they have so far proved ineffectual.

PASTORAL CALL. - The Rev. J. T. Leftwich. late pastor of the Second Presbyterian Church. in this city, now of Atlanta, Georgia, has been invited to take charge of a church in St. Louis, and has gone there to preach a sermon.

DRAMATIC EXHIBITION.—The dramatic exhibition by the members of the Patrick Henry Society of St. John's Academy, takes place at Liberty Hall to-night, and will doubtless be well | culars.

FOREIGN NEWS.

LONDON, May 8th-6 a. m.-A special dispatch to the Times from Versailles says the Government forces are within three-hundred yards of Porte Maillot. General Cluseret will speedily be brought to trial.

Another dispatch says Rochefort announces that the ammunition is running short. A Daily-News special says Auber, the com-poser, continues seriously ill. Also reports that orders have been issued for the arrest of Gambetta.

LONDON, May 8th-6.30 a. m.-The Daily Telegraph has the following special dispatch from Paris, dated Sunday : "A sortie was made Saturday in the direction of Issy. The insurgents were repulsed with a heavy loss, and fled to Paris. They fired on their friends who refused to open the gates into the vangirard quarter. There was a panic at Vanyres where the Nationals deserted their positions. General Rossel has ordered the right sleeves of their uniforms to be cut off as a punishment. Bismarck is inclined to give up the forts, but insists on the strict payment of the war indemnity, for the purpose of which he suggests that loans be raised by the French government. The main points of the treaty of peace have been agreed on between Bis-

marck and Favre."
FRANKFORT, May 7.—The third conference was attended by Favre, Ponyer Quartier, and Dueroe, Prince Bismarck and Baron Arnim. M. Erlonger, the German banker, was present part of the time. The conference lasted four hours, and an agreement was reached as to the main points. The document will be drawn up to-morrow and Tuesday sent to the French Assembly and German Emperor for ratification.

The Emperor telegraphed to Bismarck yesterday saying: While strictly adhering to the preliminary stipulations I am willing to afford all possible facilities for a complete understanding. I am willing to discuss means for the early suppression of anarchy and for the establishment of a legal government in France. Bismarck returns to Berlin Tuesday.

The Imperialists are said to be very active in

the rural districts of France. Paris, May 7th, evening.—Yesterday even-ing the Versaillists reconnoitered. Their ranks were decimated by the mitrailleuses of the Communists and they were routed. General Rossel visited the outposts during the night and returned at 5 o'clock this morning. Rossel's mother is a Scotchwoman. At the beginning of the war the General lived at Bourges, and coming to Paris demanded active service, but being discouraged thought of journalism. The editor of the Temps persuaded him to remain in the army, and it is the general opinion that France has at last found in him a true soldier.

At a club held in the church of St. Nicolas, in the Champs Elysees, last night, Perrin proposed that the Commune summon the Versaillists to liberate Blanqui within twenty four hours on pain of putting the Archbishop of Paris to The proposition was carried by accla-

> A great meeting of men over years took place in the Place Bastile. Five thousand were present, and they marched to the Lonvre and demanded arms. They say they want to show the young men how to fight. Arms were promised them.

The prisoners taken are returned if they refuse to fight for the Commune, the insurgents being unwilling to feed useless mouths. The Federals are greatly exasperated over re-

ports that the Versaillists kill the wounded on the field of battle. LONDON, May 8.-The Times in an article

upon the labors of the Joint High Commission expresses the hope that the Congress of the United States will be willing to accept and approve the work of the negotiators. The treaty, says the Times, is yet only a provisional one and must be ratified by both Houses of Parliament. Of this, however, the Times seems entirely confident.

The United States storeship Supply has sailed for America via Lisbon. The steamship Dacian, from New York, has arrived in the Berlin, May S. -It is stated, upon what is

said to be official authority, that enlistments of men for the support of the cause of Emperor Napoleon in France, are being made in America. LONDON, May S.—It is again rumored that the Emperor Napoleon has gone to France, secretly, relying upon disaffection in the army for support in the attempt to regain the throne.

VERSAILLES, May 8.—Nothing of importance occurred last night. A new battery at Montretout, mounting eighty-two guns will open

fire on Paris to-day. Versailles, May 7.—President Thiers has issued a proclamation to the people of Paris in which he says the Government will not bombard the city, but make an assault upon the ramparts. He requests citizens to rally around the troops, and promises in return for their aid the granting of amnesty and the continuance of the subsidy to the poor.

SPECIAL NOTICES. Quit Drugging .- This is now admitted by

the medical profession as a fundamental princ ple of healing science. It is wisely provided by the human economy that whenever anything is wrong in the physical system the natural forces of the body are brought to bear to expel the disease. The great aim, therefore, is to strengthen the natural powers. This has been kept in view by the skilful compounders of Hostetter's Stomach Bitters, which operates to give fresh vitality to all the organs of the body. The effect of this medicine upon the stomach, the liver and the kidneys, is prompt and decisive. The patient, who is wise enough to quit drugging and try the Bitters, soon feels as if he had taken a new lease of life, and as he continues the use of the article, he is overjoyed to find the streams of health coursing through his frame. It is prepared with great care, and its component parts are entirely vegetable. It is free from the objections so often urged against preparations of the kind. As a medicinal agent it has no equal, while its pleasing flavor and healthful effects have made it a general favorite. It is free from all properties calculated to impair the system, and its operations are at once mild, soothing and efficient. All who have used Hostetter's Stomach Bitters attest its virtues and commend it.

Even those who are in the enjoyment of per-fect health frequently have need to have recourse to tonics as preventives of disease. We are never too well armed against the assaults of "the In health or sickness ills that flesh is heir to.' this tonic cannot be taken regularly without giving vitality and elasticity to the system.
